

Hi everyone---

I pray this finds everyone well and serving our Lord with gladness! Here are a few prayer requests that we would appreciate your agreement in prayer with us.

Hailey Sellen: This is a 2 month old baby girl that will be having major surgery tomorrow, April 23. It is going to be a tough road for this little one.

Mike Hicks: Mike is battling cancer.

Hanny Harmony: Hanny is still having trouble getting out of Nigeria to see her girls in England.

My Mother, Doris Foltz: Mom is still going through some health things.

Richard is speaking at an inner-city mission this Sunday in Durham, NC. We are looking forward to seeing what God is doing there in this unique ministry. We will also be speaking at a Retreat on Memorial Weekend down by Myrtle Beach, SC. We also have some other dates coming up that we would appreciate your continued prayer support. God has been faithful to provide jobs for Richard when he has not traveled to help with expenses, but our financial support is down, so for him to accept these dates will mean a huge step of faith---again! So with that being said---he will be open for revival meetings, retreats, conferences, etc. We need to rebuild our financial support base. This is huge for us so please pray with us.

Please share this with your churches and even other churches in your area. Mighty things happen when God's people pray. Hmmm...I think that is in a song. Thank you for lifting these precious people up to our Lord. Answers and healing is needed directly from the Hand of God!

In His Care,
Tammy Weagraff
